### A Little About Me

I'm a confident and adaptable developer with over 12 years of experience in the industry. I have a deep understanding of various CMS platforms and coding languages, and I thrive on leading and growing high-performing teams. I'm passionate about driving innovation, combining hands-on execution with mentorship to bring out the best in any team.

-  
DEC 2022

#### Bamboo Nine - Digital Agency

**Role: Lead Web Developer / Development Manager / Head Of Tech**

- Responsible for hiring, training, conducting performance and code reviews, creating documentation and processes, drafting website proposals, managing client communication, and overseeing the development team.
- Managed, trained, and conducted performance reviews for the design team while handling client communication for over a year.
- Oversaw the financial management of the tech department, ensuring staff utilisation aligned with business profitability.
- Collaborated with the wider business to discuss strategic decisions, staff allocation, workloads, and overall business direction.
- Developed custom websites of all sizes using WordPress, Shopify, or custom CMS builds, both independently and collaboratively, while implementing internally designed layouts.
- Managed and enhanced over 100 client websites across various platforms and CMS's, resolving issues, implementing new features, updating plugins and themes, and ensuring seamless content updates in any circumstance.
